I do sessions any day of the week, whatever is convenient for the person who calls.

Sessions can be done in person, over the phone, by Skype or by proxy. For example, a parent can do a session for one of the children. It works just the same.

For those who never experienced the Emotion Code I could do a 30 min. free session to give them an idea how it works.

I have been certified since the beginnings of January, 2011, have done the Emotion Code since November last year. I am very familiar with energy healing, I have been practicing Reiki since the early 90s, and have also been teaching it.

I have been in the UC since 73, am from the 2075 blessing. I am originally from Alsace, France so I also speak French and German.

If you would like more details, please let me know. If you would like me to call you to discuss last minute details, let me know too.

I am listed on the Emotion Code website list of practitioners

My hope is to stimulate enough interest so brothers and sisters look into this wonderful healing modality and start helping themselves. The book has enough information: all is laid out in an easy to understand manner. All they need is the book, they do not need any of us, really.

With all the years of training, spiritual discipline and prayer life, church members are ideal candidates to become certified and bring this healing modality to their communities. It is a perfect home church outreach opportunity. In the old days, we used to cut people's grass, now we can help them overcome negative emotions, depression, anxiety....this is an upgrade from the past. Once we help someone like that, the bond that is shared is strong. People appreciate such help and will always remember.

2. Eva-Maria Taylor

I really love to use the Emotion Code and would be happy to share some insights.

In terms of making myself available for readings I have not worked with set fees so far. I have done many readings for members with donations.

I got my certification for the Emotion Code over a year ago. I went to several seminars with Dr. Bradley Nelson and practice now the Body Code also.

In the past I set up appointments at least a week ahead as I am also a Feng Shui consultant.

I am using my home phone 206.781.7227 for readings; my cell phone is 206.931.6359.

E-mail timandeva@msn.com

Please feel free to call with any questions and I am looking forward to an inspiring conference call. I live in Seattle.

Since a group of us in England started using it in January 2009, I have had countless amazing experiences.

7 of us did the training when Dr. Brad came to London last year and 2 of us have completed the qualification. I'm pleased to say that we are amongst the first 150 people in the world to have a level one certificate; the other one is one of my dearest friends and our Church Pastor's wife...Co-Pastor really.. It's an enormous privilege to be able to help, and such a relief to really understand what is causing this and that problem.

Susan lives in England and often performs The Emotion Code over Skype.
